Mission Statement

It is our mission at Caribou Rehabilitation and Nursing to:

- *Treat all residents with dignity and respect.*
- *Provide appropriate nursing care to promote optimal physical and mental health.*
- *Provide opportunities to participate in activities that promote individual well being and maintain family and community relationships.*
- *Coordinate safe and appropriate discharge plans for residents who can return home or move to other more independent residential living arrangements.*

Vision Statement

It is our Vision at Caribou Rehab and Nursing Center to create an environment where people are understood, respected, loved and provided the quality of care necessary for their individual needs. We are focused on delivering clinical excellence with care and compassion. The staff will meet your medical and personal needs. We are here to support you and your family. We will provide information about your care and education about your illness. We will provide a warm and caring atmosphere to support emotional as well as physical needs.

“Our Service Says We Care”
